Before audio:

Step 1: Read the instruction first

Step 2: Look at the map title

Example: Museum, Library, University campus, Park, Hotel, Town centre

এতে আপনি আগে থেকেই predict করতে পারবেন কী ধরনের place আসতে পারে।

Step 3: Find the starting point

Map question-এ সবচেয়ে গুরুত্বপূর্ণ হলো **starting point**.

Common starting points: **You are here, Entrance, Reception, Main gate, Car park, Information desk**

প্রথমে বুঝুন speaker কোথা থেকে direction দেওয়া শুরু করছে।

Step 4: Check the compass if available

Map-এ যদি North, South, East, West দেওয়া থাকে, আগে সেটা দেখে নিন। যদি compass না থাকে, তাহলে সাধারণত map-এর ওপরের দিককে **north** ধরে নেওয়া যায়।

Step 4 : Identify fixed places

যে places already map-এ লেখা আছে, সেগুলো quickly দেখে নিন।

Step 5 : Predict possible direction language
